

Year of the Rat

Directions, Challenges & Solutions

8) NORTHWEST – This area is POWERFUL this year. It is the “Star of Wealth” sector. It brings GREAT GOOD FORTUNE!

Being the best sector this year, activate it for wealth. Walk through the door and think, “*Ka Ching* - money coming into my accounts!” Open windows letting in still more fresh air, opportunities and money! Use it everyday.

Great location for an office! It supports finance and harmonious business relationships. Be sure to activate it for wealth - of ideas and prosperity!

If the front door is in this location - ENERGIZE IT! If this room isn't used very much, same thing, ENERGIZE IT! Have a kinetic sculpture, chiming clock, CD or music player of some type, or an occulting fan. KEEP IT CLUTTER FREE (no shoes lying around) and CLEAN - BOTH INSIDE & OUT!

If this area is a bedroom, to attract and maintain relationship harmony put Mandarin Ducks, Dragon & Phoenix, Rose Quartz Hearts, or images of cranes, or Peach Blossoms.

Modern Cures (In this section you will probably want **MORE THAN ONE** of the following items): Blue or dark colored accessories, a bowl of clean, still water with 6 coins for a calming affect. Again, I like a Piggy Bank!

Traditional Cures: Cinnabar Egg, Red Laughing Buddha, Wood Wu Lu, Coin Sword, Wealth God, 3-Legged Toad, 8-coins on a Red String & tassel, Dragon-headed Tortoise with a coin in its mouth, Citrine Gem Tree, Treasure Ship, or Wealth Vase

Avoid using items made of Metal Element other than coins, money, or other wealth symbols in this area.
